A message will popup indicating this.
- The official can also send this report to any other designated person they choose. They do so by searching for the report on their personal page, clicking the **Send** button and then an email browser will pop up where they can add in email addresses, a subject line, a message to be included in the email and attach a scoresheet or any other file they deem appropriate.
- All reports completed by an official will be stored on their personal incident reporting page and they can access them throughout the season by logging in to USAHockey.com and going to their Incident Reporting page.
